

“I am interested in being a doctor.”

“I have no idea what I will do when I graduate.”

“I like science and health, but I wish I knew more about jobs in those fields.”

“I want to do something really cool & interesting this summer.”

If you find yourself saying any of these things, or if you are interested in exploring careers in medicine and health, maybe REACT RI is for you...

In REACT RI, we:

- learn about different health careers and how to achieve them
- learn skills that are helpful to health professionals
- learn CPR & get certified
- meet new people from other high schools
- meet people who have jobs in health
- get to “sample” health jobs
- earn a little bit of spending money

If you are interested in REACT RI & want to apply, or learn a little more, check us out:

www.reactri.com to apply & check it out
OR

Visit us at MySpace www.myspace.com/reactri
to see some pictures of things we’ve done so far!
